Professional Summary

Self-motivated Frontend Developer with years of hands-on experience building responsive and interactive web applications using React, Next.js, Tailwind CSS, and JavaScript. Passionate about clean UI/UX, state management (Redux Toolkit & Zustand), and motion design using Framer Motion. Adept at turning design ideas into functional components with performance and user experience in mind.

Skills

Languages & Technologies: JavaScript, TypeScript, CSS3, Tailwind CSS, MongoDB

Frameworks & Libraries: React, Next.js, Redux Toolkit, Zustand, Framer Motion

Tools & Platforms: Git & GitHub, VS Code, Chrome DevTools, Netlify, Vercel

Soft Skills: Problem Solving, Team Collaboration, Self-Learning, Attention to Detail

Experience

Frontend Developer (Freelance)

Remote | August 2023 - Present

- Led the development of a Luxury Hotel Booking App using React, Next.js, Tailwind CSS, and Stripe.
- Implemented a dynamic booking system and responsive design that increased user task completion by 75%.
- Enhanced Stripe payment integration and modal booking forms, which reduced booking friction and improved conversion rate by 60%.
- Maintained high performance and user accessibility standards to ensure cross-device compatibility.

Programmer / Math Teacher

New-Era Learning School | May 2023 - August 2023

- Taught students foundational programming using Scratch.
- Created lesson plans, assignments, and corrected homework.
- Actively instructed students in classroom sessions to improve their logical reasoning and coding skills.

Projects

LUXURY HOTEL BOOKING APP

React, Next.js, Tailwind CSS, Stripe API

Built a full-featured hotel booking platform featuring dynamic room listings, a customer testimonial section, a responsive booking form, integrated Stripe payment system, and modal-based UI for enhanced user experience.

ECOMMERCE STOREFRONT

React, Redux Toolkit, Tailwind CSS

Created an online shop with product listings, filtering, cart system, and checkout flow. Managed global state with Redux Toolkit and built reusable UI components.

GYM & FITNESS LANDING PAGE

HTML, Tailwind CSS, Framer Motion

Designed and built a responsive fitness website with scroll animations and smooth transitions using Framer Motion for an engaging UX.

REAL ESTATE LISTINGS PAGE

Next.js, Tailwind CSS

Developed a dynamic property showcase app.

Education

Self-Taught Frontend Developer

4 years of consistent learning through online courses, documentation, and real-world projects.

Ordinary National Diploma (OND)
